Pharmaceutical Products

February 20, 2019

Subject: EPIPEN[®] AUTO-INJECTORS (0.3 MG and 0.15 MG) Fully Available

Dear Customer,

As you are aware, Pfizer Canada experienced supply interruptions of ^{Pr}EPIPEN[®] and ^{Pr}EPIPEN JR[®] (epinephrine) over the past year. We are pleased to inform you that EPIPEN and EPIPEN JR are now **fully available** to meet your needs. As such, pharmacists will now be in a position to dispense the requested number of EpiPen auto-injectors to patients.

Please note that the Drug Shortages Canada website was updated on February 19, 2019 to reflect that the product is no longer in a shortage situation.

Kindly refer to the table below for product information.
